

What are the outdoor recreation needs in your region?

Connect

Signs

Need for more trail connectivity in Silver City

Provide more resources for hikers on the CDT and more resources in Silver City for CDT hikers

Signage on local trails opens trails up to visitors

Education through signage

US bike route system designates routes throughout country. Resources could be put toward facilities for this bike route system which passes through SWNM

OHV trails in elephant butte area; big economic development opportunity

Tie Rio Trail Commission into SCORP; water facilities, connections into towns (TAP and RTP are other sources of funding)

Dump facilities for RVs

No turn away policy for hikers/bikers at state campgrounds.

People like to float rio grand. Need more parking and an access point. Site at rotary park TorC that could be improved. Put in near the state park close to the state park, need for more parking.

Linkage to trails, parks, and communities

Trailhead signage

Coordinated effort to maintain, improve trails, and build trails. Municipalities, volunteers (horse riding, mountain bikers), federal government, Americorps, school districts and clubs

partners

Improve economic development through outdoor recreation

Work with local organizations (NPS & Audubon) to promote usage.

Encouraging families to recreate at parks

LOW

What are the opportunities or barriers to meeting your region's outdoor recreation needs?
